***Land Development:***

**L-04-16** Michael and Jane Stolper – 6022 Westchester Pike  
Ray Ott and Michael Stolper appeared to discuss the next step toward the approval process for this land development. Since the design plans and calculations for the site retaining walls had not been reviewed and approved by the Township Engineer, the Planning Commission could not make a recommendation for approval. However, Chairman Reves was instructed to recommend approval to the Board of Supervisors upon receipt of concurrence by the Township Engineer.

***Discussion:*** John Gaadt continued the Commission’s previous discussion of the possible text for the Township Code regarding The Pennsylvania Medical Marijuana Act. He will codify the agreed to language for Township adoption.

Respectfully submitted,

Rita E. Reves, Acting Secretary
